

Tournament Registration Guide

Tap the tournament banner on the Home screen.

Read the tournament details, check the box to agree to the tournament rules, and tap "Register".

A confirmation screen will pop up to confirm your information.

If you are an English speaker and require support in English during the tournament, please check the box.

Tap "Register" to complete your registration.

Registration for the tournament will be complete.

You will be put into a participation lottery and the results will be announced at the specified date in JST.

Don't forget to check the next page for how to submit your Discord name!

Please submit your Discord name via Tournament Navigator for the Tournament Admin Team to contact you if needed.

You will see a button to join the tournament Discord server and submit your Discord name.

When you tap "Submit Discord username", it take you to the account setting page.

Tap Discord Username section to input your current Discord username.
